RETAIL PRICE LIST

FOR

SPRING 1950

BARCELONA

Our one year old tip layered Barcelona filbert trees are the largest and heaviest rooted grown by any nursery. They have been carefully cared for in the nursery. Spraying with Bordeaux is an annual "must" as a prevention against blight in our nursery. We recommend that our customers also spray with Bordeaux 6-4-100 in early September the first and second years after planting. After that there is very little danger of blight.

We recommend as pollenizers for Barcelona for its early blossoms Royal, which is a heavy early season bloomer. For the mid-season and late blooms Du Chilly and Daviana are used.

Prices for Barcelona and its pollenizers Du Chilly and Daviana are as follows:

One year old tip layers:	
	1 to 100
3 to 4 ft.....	50c each
4 to 5 ft.....	60c each
5 to 6 ft.....	70c each
6 to 7 ft.....	80c each

Two year old transplanted tip layers:	
	1 to 100
2 to 3 ft.....	70c each
3 to 4 ft.....	80c each
4 to 5 ft.....	90c each
Our largest supply in transplants is the 3 to 4 ft. grade.	

ROYAL

We recommend as pollenizers for ROYAL for its early blossoms Barcelona, for mid-season blossoms Du Chilly and for the late blossoms Daviana.

One year old tip layers:	
	1 to 100
3 to 4 ft.....	\$1.10 each
4 to 5 ft.....	\$1.35 each
5 to 6 ft.....	\$1.50 each
6 to 7 ft.....	\$1.65 each

Two year old transplanted tip layers:	
	1 to 100
2 to 3 ft.....	\$1.75 each
3 to 4 ft.....	\$2.00 each
4 to 5 ft.....	\$2.25 each

GRAFTED FRANQUETTE WALNUTS

We use Northern California black walnut for our root stocks. We obtain our black walnut seed from a source where no cross pollination with the English type walnuts can take place, thus insuring a tree that should be free of trunk girdle disease.

	Each	Per 10 Each	Per 100 Each
3 to 4 ft.....	\$2.25	\$2.00	\$1.75
4 to 6 ft.....	\$2.75	\$2.50	\$2.25
6 to 8 ft.....	\$3.25	\$3.00	\$2.75
8 to 10 ft.....	\$4.00	\$3.75	\$3.50
2-year branched, heavy grade.....			\$5.00
2-year branched, medium grade.....			\$4.00

We have thousands of Camellias, Rhododendrons, and Azaleas, as well as a large supply of other broadleaf evergreens and conifers.

Why not plant a Myrtle tree in your yard? They are extremely rare and make good specimen trees. We have 400 Myrtle trees 8 years old. In order that we may dispose of these trees in a hurry, we are reducing the price about 12% under the last year price. In addition to that, we will send "Save The Myrtle Woods, Inc." one dollar for each Myrtle tree sold by us this year. As you may know, that organization is purchasing the few remaining natural stands of Myrtle wood trees for Park Purposes, so that these trees may be saved from exploitation.

4 to 5 foot trees, \$7.50 each

5 to 6 foot trees, \$8.50 each

6 to 8 foot trees, \$9.50 each

TERMS ON NUT TREES
